

Medical Student Education (Externships/Clerkships)

Dec 19, 2013

We accept 4th year medical students for externships/clerkships throughout the year. Students participate in the examination of cancer patients under treatment in radiation oncology and participate in rounds, conferences, clinics, and experience demonstrations on the use of newer radiotherapeutic techniques.

For details about how to apply for a UCSF Department of Radiation Oncology externship/clerkship, please visit the following links:
